curicular

OUR STUDENT SUCCESS

We take pride in enabling students to find their voice and stand-out narrative. Collectively, we empower students to find their unique application themes! Here are some of my students and their incredible accomplishments thus far!

SAAHAS, ACCEPTED AT DUKE, 2021-2022

A client we worked with in the 2021-2022 admissions process was successfully admitted at Duke University. We helped him with securing an RA position at Northwestern in Computer Science, and helped him successfully compile his application materials for Duke University -- he was successfully admitted!

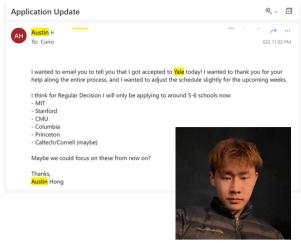

It's great to hear from you. I am doing well, and I hope you are too! Thank you and the Curicular team for all of the warm wishes. Attached to this email is the long-awaited headshot!

⊗ 3 6 € 3 ... Wed 5/11/2022 5:15 PM

I'd like to thank you and the Curicular team for all of the guidance provided to me in my journey to getting into Duke. In addition to reviewing my Common App, Curicular helped me land my CS internship at Northwestern last summer (shout out to Lisa and you), which I am still pursuing and plan to pursue through college.

AUSTIN, ACCEPTED AT YALE, 2022-2023

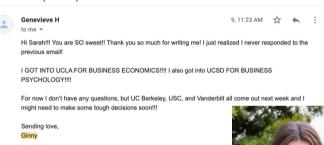

Austin is an exceptionally bright student who needed guidance on crafting his essay and application materials!

GINNY, ACCEPTED AT VANDERBILT, UCLA, 2021-2022

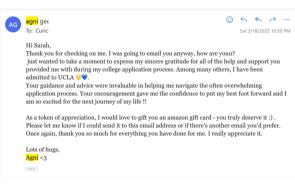

A client we worked with in the 2021–2022 admissions process was admitted at UCLA, UC Berkeley and Vanderbilt by working with us in the Unlimited Plan on her entire application process!

Our strategy for Ginny was:

 Helping her convey her passion for business + psychology by incorporating the behind-the-scenes of her initiatives in the space of entrepreneurship and developmental psychology to develop a business for marginalized and cognitively-impaired individuals. Her extracurricular work helped convey her interdisciplinary interests!

AGNI, ACCEPTED AT UCLA, 2022-2023

A client we worked with in the 2021-2022 admissions process was successfully admitted at UCLA. We worked with her on her entire application materials for UC PIQ's along with sharing her narrative, which was her creative outlet for writing to inspire the youth about mental health resources for marginalized communities!

Agni is our incredibly bright and creative student this year. She was successfully admitted at UCLA, and we worked towards crafting a unique "gummy bear" essay that exemplified her passion in organic chemistry to cultivate and innovate research for children who are allergic to regular medicine. Her innovation exceeded my expectations, and I am incredibly grateful!

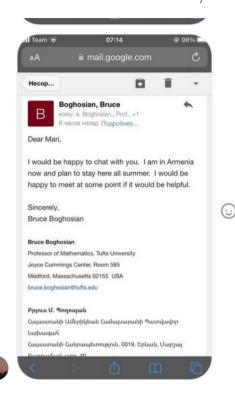

I got into UCLA (my dream school)! I WANT TO THANK YOU FOR ALL OF YOUR HELP ON MY ESSAYS! I'm so happy HAHA! I actually started crying because I couldn't believe it! I want to thank you again so much for your incredible help that helped me get so far. You are amazing!! 🥳 🤎 😌

I also got into UCR, UCSD, and UCD, I also got into University of Washington (with a scholarship) Additionally, I got waitlisted at Northeastern. Got rejected at Johns Hopkins (but not mad about it)

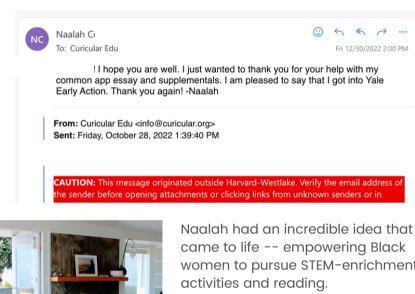

Again, thank you so much for your initial help!! 🤎

We've also helped younger high school students, in the years of 9-11th grade attain research positions and secure positions at top-tier institutes to help them stand out in the admissions process. This also includes international applicants in the admissions process!

Here, below, is a student of ours, Mari, who was successfully referred to a Professor of Mathematics at Tufts University.

NAALAH, ACCEPTED AT YALE, 2022-2023

women to pursue STEM-enrichment

Thus, from crafting her narrative and weaving her story of how she hopes to empower future Yallies to become their own storytellers of their own struggles, specifically within the CS field, Naalah was admitted at Yale!

VISHNU, ACCEPTED AT UC BERKELEY, USC, 2020-2021

A client we worked with was accepted at all 13 schools, including every single UC that he had applied for.

Black Girls

STEM....and Read!

Through working on bringing Vishnu's projects to life, specifically by sharing his stories about his exposure to aerospace engineering projects, we were able to work on all application materials that showed his dedication to inspiring the youth about possibilities in integrating AI technology and aerospace engineering! Vishnu was admitted at UC Berkeley, USC, UCLA, and Georgia Tech!

Sorry for the late response but I wanted to reveal my decision in this email as well. The admission season went very well for me. I got into 13 schools including every UC that I applied to. I boiled down my decision Cal, USC, UCLA, and GT. I eventually chose UC Berkeley after careful consideration of cost, program, and many other factors. Thank you guys so much for your help. It really refined my essays in an unimaginable way.

P.S. where can I write my testimonial?

Thank you for everything, Vishnu

Here is another senior we worked with, who was admitted at UC Berkeley and Carnegie Mellon for the admission season of 2021-2022.

SARAH, ACCEPTED AT CARNEGIE MELLON AND UC BERKELEY, 2021-2022

Sun, Apr 3, 6:22 PM

I just wanted to follow up with you after this rounds difficult college admissions process to let you know how it went cause you were a huge help!

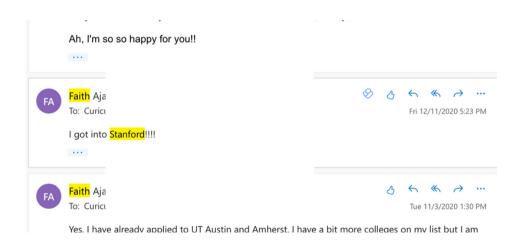

I was excepted to Boston University, Carnegie Mellon, and UC Berkeley Haas and couldn't have done it without your help:)

Unfortunately though I was waitlisted at my dream school UPenn :(along with UChicago and Johns Hopkins. I was wondering if Curicular or you had a package or anything regarding writing letters of continued interests to schools once you've been waitlisted, or had any tips as to how I could improve my chances of getting off the waitlist because I know its extremely rare to get off it. I would just need someone to review my email draft i'd send to admissions officers to make sure it sounds good or have a call regarding the waitlist, so let me know if this is possible!!

In the meantime though I have decided that I'll be committing to UC Berkeley for Business Administration and am excited nonetheless:) Thank you so much for all your help once again and I will definitely be recommending you to my underclassmen friends!!

Warm regards,

FAITH, ACCEPTED AT STANFORD UNIVERSITY, 2020-2021

Faith was an incredible student who needed help with showing her social activism initiatives in partaking in female empowerment movements for women of color.

Her initiatives were incredible, and she needed help in creating an application theme.

Through working together in the Unlimited Plan, she was accepted for the Early Application round at Stanford University!
